The PENNSYLVANIA GAZETTE.

Containing the Freſheſt Advices, Foreign and Domeſtic.

The following is the PETITION promiſed in our laſt.

To the Right Honourable the Lords Commiſſioners for Trade and Plantations.

The following Memorial and Petition from the Merchants and Traders of the City of London, trading to Canada, on Behalf of themſelves and others,

Humbly Sheweth,

THAT on the late Peace made with France, the Province of Canada being ceded to Great-Britain, his Majeſty was graciouſly pleaſed to iſſue his Royal Proclamation, promiſing ſundry Benefits and Emoluments, and in particular his Royal Protection to ſuch of his Subjects as were inclined to ſettle in any Part of the newly acquired Territory.

That on the Strength and Security of the ſaid Proclamation, ſeveral very eminent Merchants and others (many of them Perſons of conſiderable Property) embarked for Canada, and are now ſettled in ſundry Parts of that Country, and more particularly at Quebec and Montreal, whereby a very extenſive Trade is carried on, and very large Quantities of Britiſh Manufactures are ſold and conſumed there; in Return for which, they remit very valuable Cargoes of Furs, Oil, Fiſh, and other Articles of the Produce of that Province, to the great Advantage of his Majeſty's Subjects in general, and the great Increaſe of his Majeſty's Revenue.

That the Nature of this Trade is ſuch (partly from the Diſtreſs and Poverty of the French Inhabitants remaining there, owing to the Non-payment of the Canada Bills, and partly from the long Time required to get Returns from the Indians) that the Merchants and Traders in London are obliged to give Credit to the Merchants and Traders there, to a very large Amount.

That the Faith and Confidence of the Merchants and Traders here, can only be ſupported and kept alive by the Security promiſed by His Majeſty to the Merchants and Traders there, both of their Perſons and Effects, on Failure of which they would moſt aſſuredly withhold their Credit, and the Trade being thus unſupported, muſt in Conſequence fall to the Ground.

That your Petitioners have to complain, that divers of his Majeſty's commiſſioned Officers (unacquainted with the Nature of Trade) have laid on many Reſtraints, and by their own Authority have enforced certain Laws and Regulations, ſo inconſiſtent with Commerce in general, and as we conceive ſo contrary to his Majeſty's kind Intentions, that inevitable Ruin muſt enſue to many of his Majeſty's loyal and faithful Subjects, unleſs timely prevented.

That your Petitioners have further to complain, that by the arbitrary and violent Proceedings of the Military (more eſpecially in Montreal) the Liberties of his Majeſty's Subjects there have been greatly infringed, their Properties invaded, and their Perſons groſly inſulted, and put in imminent Danger, to the great Contempt of his Majeſty's Authority, and the utter Subverſion of Law and Order: And in particular, that on the ſixth of December laſt, between the Hours of Eight and Nine in the Evening, ſix Ruffians entered the Houſe of Thomas Walker, Eſq; an eminent Merchant at Montreal, and one of his Majeſty's Juſtices of the Peace for that Place:----That theſe ſix Perſons, having their Faces blacked, and being armed with various Weapons of Deſtruction, did then and there make a violent Aſſault on the ſaid Thomas Walker, giving him fifty-two different Wounds, and leaving him for dead.------

That ſeveral Perſons being afterwards apprehended and taken into Cuſtody, on the ſtrongeſt Preſumption of being Principals in this atrocious Act, certain Officers and Soldiers of his Majeſty's Twenty-eighth Regiment, then quartered at Montreal, broke open the Goal, and, in Defiance of all Law, ſet theſe Priſoners at Liberty, publickly threatening Death to all Perſons who ſhould dare to make any further Enquiry into this Affair.

That your Petitioners are ready to produce before your Lordſhips, ſuch authentic original Letters as they humbly preſume will be deemed of ſufficient Evidence and Authority, and hope it will not be expected that they ſhould farther authenticate their Memorial by Affidavits and other Vouchers of a public Nature, as the Inſolence and Oppreſſion of the Military in Canada have rendered ſuch Proofs totally impoſſible.

Your Petitioners beg Leave to lay theſe Premiſes before your Honourable Board, as being an Affair of the utmoſt Conſequence to the Intereſt of Trade and Plantations, which are immediately under your Lordſhips Patronage and Protection: And tho' your Petitioners are far from preſuming to dictate in this Matter, yet they are in Hopes your Lordſhips will, in your great Wiſdom, diſcover that a Military Government is entirely incompatible with the Spirit and Genius of Commerce, and that a Civil Adminiſtration, with a regular Houſe of Repreſentatives, is the only Means to make this Infant Colony flouriſh and become uſeful to the Mother Country.

Your Petitioners humbly ſubmit theſe Complaints to your Lordſhips known Penetration and Juſtice, and crave an effectual and ſpeedy Redreſs; and your Petitioners (as in Duty bound) ſhall ever pray, &c.

CHARLESTOWN (South-Carolina) July 17.

LETTERS from Penſacola, in Weſt-Florida, of the 7th of June, inform us, that the Creek Indians had then almoſt entirely left that place. The Hon. John Stuart, Eſq; Superintendant, had ſucceeded in every thing to his wiſh; having, amongſt other things, obtained large grants of lands for that province from thoſe Indians, who were the moſt numerous at any congreſs they ever held with the white people.--A gentleman, who was preſent, tells us there were fourteen hundred, and from every town in the nation. The famous Mortar declared himſelf the Superintendant's brother, and joyfully received from him a Britiſh commiſſion and medal, a length the French never could bring him.

The commiſſaries for Indian affairs in the ſouthern diſtrict, mentioned in his Majeſty's proclamation, are appointed by the Superintendant.

M. Iſlaſſi, appointed by his Catholick Majeſty Governor of New-Orleans, has been at the Havannah for upwards of five months paſt. The Spaniards ſay the obſtructions to their taking poſſeſſion of Louiſiana are owing to the court of Great-Britain, which would not agree to the French taking poſſeſſion of ſome territories the Spaniards were to cede to them. The French, however, appear heartily tired of it.

Several traders having arrived with rum in the Cherokee nation, the Indians who loſt their relations lately began to be troubleſome: But as it is hoped an effectual ſtop will ſoon be put to this dangerous traffick, affairs will return to their former channel. It was very lucky that there was not a ſingle gallon of rum in the nation when the firſt news arrived, as otherwiſe many lives would have been loſt. What ſort of men are they who carry it!

July 24. Advices from the Havannah, of 11th inſt. inform us, that Don Diego Antonio Manrique, appointed governor of Cuba, was juſt arrived there from Spain, and that the Conde de Ricla was on the point of leaving the place on his return home. General O'Reilly was ſailed for Spain. An old Spaniſh regiment, named the regiment of Portugal, arrived with the new governor, which the Spaniards ſaid was to ſail the 25th inſt. under the command of Don Antonio d'Ulloa, brother of the famous Don Juan, in order to take poſſeſſion of Louiſiana.

On Friday laſt arrived here from Penſacola the Hon. John Stuart, Eſq; Superintendant of the ſouthern diſtrict of America. He ſailed from hence about fourteen months ago for the Floridas, where he has been ever ſince attending to the duties of his important office, and carrying into execution the particular commands he has been honoured with by his Majeſty. In the ſame veſſel with the Superintendant came, in his way to Great-Britain, the Hon. James Macpherſon, Eſq; preſident of his Majeſty's council, and ſecretary of Weſt-Florida, well known to the learned world by his tranſlation of Fingal and Temora, two epick poems, with the other works of Oſſian, from the Gallick or Erſe, which ſince their appearance in Engliſh have been tranſlated into moſt of the European languages.

July 31. The following is an exact copy of the Maſſachuſetts circular letter.

Province of Maſſachuſetts Bay, Boſton, June 1765.

"SIR,

"The Houſe of Repreſentatives of this province, in the preſent ſeſſion of the General Court, have unanimouſly agreed to propoſe a meeting, as ſoon as may be, of Committees from the Houſes of Repreſentatives or Burgeſſes of the ſeveral Britiſh colonies on this continent, to conſult together on the preſent circumſtances of the colonies, and the difficulties to which they are, and muſt be reduced by the operation of the acts of parliament for laying duties and taxes on the colonies, and to conſider of a general and united, dutiful, loyal and humble repreſentation of their condition to his Majeſty and the parliament, and to implore relief. The Houſe of Repreſentatives of this province have alſo voted to propoſe that ſuch meeting be at the city of New-York, in the province of New-York, on the firſt Tueſday of October next, and have appointed a committee of three of their members to attend that ſervice, with ſuch as the other Houſes of Repreſentatives or Burgeſſes in the ſeveral colonies may think fit to appoint to meet them; and the Committee of the Houſe of Repreſentatives of this province are directed to repair to ſaid New-York on ſaid firſt Tueſday of October next accordingly.

"If therefore your Honourable Houſe ſhould agree to this propoſal, it would be acceptable that as early notice of it as poſſible might be tranſmitted to the Speaker of the Houſe of Repreſentatives of this province. SAMUEL WHITE, Speaker.

To the Speaker, &c."

Letters from Fort Prince-George inform us, that Salloue, or the Young Warrior of Eſtatoe, was returned from the Upper-Towns, and had met with all the ſucceſs he could expect, in perſuading the relations of thoſe Indians who were aſſaſſinated in Virginia to forbear taking revenge, at leaſt to wait the iſſue of Attakullakulla's journey to Williamſburgh. Theſe letters expreſs great fears of miſchief from the quantities of rum lately carried into the Cherokee country from this province.

For a conſiderable time paſt we have had repeated accounts of many groſs enormities committed by the people on the weſtern frontiers of this province: The following is given us from a letter written by a magiſtrate in Amelia townſhip; "On the 2d inſtant, between the hours of 8 and 10 at night, two men came to the houſe of Richard Baldrick, inn-keeper on the Congaree road, and called for ſome toddy and victuals; that in order to pay for what they had, they produced a piece of gold, which they ſaid was 81. 5s.---that Baldrick, ſcrupling its value, went to weigh it, but while he was doing it, one of the men knocked him down, bound and blindfolded him, as they alſo did his wife, juſt ready to lie in, one Mrs. Kelly, who was there to attend her, and his little ſon; that before they had blindfolded the boy, four or five men more ruſhed into the houſe, who put a knife to Baldrick's throat, ſwearing they would cut it, if he did not immediately diſcover where his money lay, which they ſaid was 500 l. that his wife, terrified at the demand and threat, told the villians, what money her huſband had was in a ſmall trunk in the next room, upon which they went thither, and then ſtripped the houſe of every thing that was valuable. A hue and cry has been iſſued, and a reward of one hundred pounds offered by Meſſrs. Caldwell and Sabb, to whoever ſhould take one or more of the villians, to be paid on conviction, but nothing had been heard of them ſince."

Auguſt 7. The maſter of a veſſel who left the Havannah the 24th ult. informs us, that the new governor Don Diego Manrique died there the 18th day after his arrival; the Conde de Ricla being gone home, the government devolved to the Teniente del Rey, or lieutenant governor.

Auguſt 14. One of the Cherokees that eſcaped in Virginia is got back to his own country.

General Bouquet, appointed to command the forces to the ſouthward, was about a fortnight ago at New-Providence, in his way to Weſt-Florida.

M. Aubrey, the French commandant at New-Orleans, has received orders from his court not to repair or augment the fortifications under his command, and to give no more preſents to any Indians whatever.

THOMAS LYNCH, CHRISTOPHER GADSDEN, and JOHN RUTLEDGE, Eſquires, members of the hon. the commons houſe of aſſembly of this province, are appointed by the ſaid houſe a committee to the congreſs or meeting propoſed to be holden at New-York in October next, as mentioned in the Maſſachuſetts circular letter.

WILMINGTON (North Carolina) July 24.

The ingenious Mr. John Wily, of the province of Virginia, has lately publiſhed "A treatiſe upon the propagation of ſheep, the manufacture of wool, and the cultivation and manufacture of flax, with directions for making ſeveral uteniſils for the buſineſs."---He has ſome time ago ſet up a woollen manufactory, which is carried on with great ſpirit, and we are informed by a gentleman from that province, that cloths have already been manufactured there not at all inferior to thoſe imported from England, particularly what is called Wilton cloth.---He will inſtruct negroes in any branch of the woollen or linen manufactory on eaſy terms.

ANNAPOLIS, Auguſt 15.

Laſt Week a melancholy affair happened in this Place: On Thurſday Morning Mr. Francis Keys, Conſtable, went out and gathered a Parcel of, as he thought, Muſhrooms, and brought them to Mr. Golder's, his Lodgings, where they were fried, and Mr. Golder, a little Son of his, about 3 Years old, and Keys, all eat of them about 8 or 9 o'Clock in the Morning; but in the Evening, at Sun-ſet, Candle-lighting, and Ten o'Clock, they were ſeized with violent Vomitings, and Purgings. Next Morning the Fleſh of Keys, and the Child, was as cold as Clay, except about the Stomach, and ſo they continued, tho' the Weather was very hot, till Death put a Period to both their Diſorders on Saturday Morning, at 8 and 9 o'Clock. The Surgeons opened the Body of Keys, but found his Stomach and Heart ſound, the Poiſon having, we ſuppoſe, diffuſed itſelf thro' the whole Maſs of Blood. Mr. Golder is yet alive, but has been extreme ill ever ſince, and whether he will recover or not, GOD only knows.

No Perſon elſe in the Family eat of the Meſs, except Mrs. Golder, who only taſted, and was taken ill, but ſoon recovered.

Auguſt 22. Laſt Week we mentioned the melancholy Affair of Poiſoning in Mr. GOLDER'S Family, by eating of Toad-Stools inſtead of Muſhrooms, by which two of his Family had then died, and that he remained very ill: His Illneſs continued till laſt Night, when he likewiſe expired; but ſome Time before his Death he had loſt the Uſe of his Limbs, and his Skin had turned of a very blackiſh Hue.

BOSTON, Auguſt 19.

Laſt Monday being the anniverſary of his Royal Highneſs the Prince of Wales's birth day, the ſame was celebrated here with the greateſt demonſtrations of joy, and with marks of unfeigned loyalty. The cannon from the fort, caſtle and ſhips in the road, made a grand royal ſalute at noon. What heightened the general joy was the arrival of intelligence, the day before, of Mr. Pitt's being appointed one of his Majeſty's principal Secretaries of State. Be this right honourable gentleman in or out, it is certain he is, and ever has been, as popular in the colonies as in England. In the evening the young people had a fire in Kingſtreet, and while every apartment in town rung with the pious and loyal ejaculations----"God bleſs our true Britiſh King"----"Long live their Majeſties"----"Heaven preſerve the Prince of Wales, and all the Royal Family"----"Pitt and Liberty for ever"----&c.---The ſame were re-thundered through every ſtreet in the city. High and low, rich and poor, young and old, white and black, bond and free, joined the chorus. The little children who could not ſpeak, laughed, clapped their hands, blew their whiſtles, and rung their coral-bells. As no miniſter has been toaſted in any tolerable company in North-America ſince Mr. Pitt went out, it ſeemed a little aukward at firſt. It was obſerved that a North and South Briton, of a certain complexion, threw their faces into many violent and frightful contortions, before they could or would bring it out. But it is quite familiar now. The very Peaſants will not drink of the brook or fountain, but to the health of their King and his Miniſter.

Auguſt 26. Capt. Daverſon, in a Ship from London, is hourly expected to arrive here. 'Tis ſaid ſhe has the Stamp Paper on board for this and the other New-England Governments, which we hear exceeds Forty Tons.

By a Gentleman who came to Town laſt Friday from Connecticut, we are informed, That the STAMPMAN for that Colony had appointed his Deputies, one of which, living at Windham, received a Letter from him, deſiring him to come to New-Haven, and receive a Commiſſion for that important Truſt; but the good People of that Town ſoon had Knowledge of the Letter, ſurrounded his Houſe, and demanded it of him, and then adviſed him not to have any thing to do with that Office, leſt it ſhould coſt him dear; upon which he thought prudent to write his Maſter by the ſame Poſt, that he might reſerve the Commiſſion for another Perſon, for he would have nothing to do with it.

NEWPORT, Auguſt 26.

We hear from New-London, that about 4 o'Clock laſt Thurſday Afternoon, was exhibited, in the moſt public Part of the Town, the Effigies of a Diſtributor of Stamps, with a Boot on one of the Shoulders, and the Devil repreſented as looking out of the ſame. They were ſuſpended in the Air, on a Gibbet, between 20 and 30 Feet from the Ground; and after being expoſed about an Hour, were taken down, and carried through the Town, attended by the principal Part of the Inhabitans. The Cannon of the Fort were repeatedly diſcharged during the Time of Exhibition. Between Ten and Eleven the Effigies were conſumed, amidſt the Acclamations of the People. 'Tis ſaid the moſt perfect Decorum was obſerved in all their Behaviour; and no Perſon ſuffered the leaſt Injury.

PROVIDENCE, Auguſt 24.

Miſcellaneous Articles.

We are credibly informed that Auguſtus Johnſton, Eſq; Diſtributor of Stamps for this Colony, hath openly declared that he will not attempt to execute his Office againſt the Will of our Sovereign Lord the People (to uſe his own Words.) This Gentleman has diſcovered a Zeal equal with any other American, againſt the Impoſitions from Britain, and was not even privy to his Appointment of Stamp-Maſter. His former Conduct, joined to the aforeſaid Declaration, are quite ſufficient to wipe away any evil Impreſſions, which may have been conceived againſt him on Account of his Place.

When the late great Stir happened in Boſton, a certain Hon. Gentleman threatened the Populace that he would raiſe the Militia upon them, when ſome of them facetiouſly anſwered, that they were already raiſed.

Able Jockies give it as their Opinion, that the American Horſes are of too mettleſome a Breed to ſtand ſtill under the Operation of Branding, and that whoever ſhould attempt to apply a hot S to their Buttocks, would be in no ſmall Danger from their hind Legs: For ſaith one wittily, Sure none but Aſſes will ſtand ſtill to be branded. However the ſaid Jockies will not aver that the few Aſſes here will give much Trouble to the Branding Company.

We hear that a certain Jerard Ingerſol, Stampman, was hanged at Norwich laſt Tueſday Evening, in Effigy. His dying Speech is not yet come to Hand.

NEW-YORK, September 2.

We congratulate our Countrymen upon the late Reſignations of the Stamp-Officers-------and eſpecially the Friends and Well-wiſhers of the Gentleman appointed to that Office in this City. The Number of his Friends and Well-wiſhers, which was conſiderable before, is greatly increaſed by this Reſignation; which has entirely cleared his Character from the Imputation of joining in the Deſign to enſlave his Country; for we are well aſſured, as his Appointment was without his Solicitation or Knowledge, ſo his Reſignation was voluntary, and not the Effect of any Menace or Diſturbance, nothing of which has yet appeared in this Place.

We are informed by a Gentleman from New-Haven, that the Houſe of the Stamp Officer there was laſt Week ſurrounded by a Multitude, who deſired to know whether he intended to act in that Office or reſign. His Anſwer was, that having accepted the Office in Perſon, he did not think he had power to reſign---They next demanded whether he would promiſe to deliver the Stamp Materials, as ſoon as they arrived, to them, in order to make a Bonfire----or to have his Houſe pulled down.

He endeavoured to evade the Anſwer, deſiring them to wait till the Meeting of the Aſſembly, and ſeveral other Pretences,---but none of them availing, he promiſed that when they arrived, he would either re-ſhip them to be ſent back, or that when they were in his Houſe, his Doors ſhould be open, and they would then act as they thought proper, on which they diſperſed.

Wedneſday laſt put in here in Diſtreſs, on his Voyage from the Bay of Honduras for Europe, the Schooner Expedition, Capt. Prince: He left the Bay the 4th of Auguſt, and ſays, That Mr. Cook, of that Place, had been lately murdered by his own Negroes, and that the ſame Fellows afterwards killed three Engliſh Seamen, and then took to the Buſh; that ſeveral Crafts, with armed Men, were gone to the New-River in Search of them. The 9th of Auguſt, off the Havannah, Capt. Prince ſaw a Brig, which he took for the Quebeck, Capt. Welſh, from the Bay for this Port.

Captain Prince left about 15 Sail of Veſſels, in the Bay, and among them the Captains Shoals, Fag, Jauncey, Keirſtead and Wright, of this Port.

Friday laſt we had a very ſmart Shower of Rain here, attended with Thunder, and much Lightning; which ſtruck the Steeple of the New-Dutch Church, but the Lightning was led down by the Conducting Rod, and the Church received but little Damage.

In the above Guſt, Mr. Watſon's Ferry-Boat (the ſame that overſet laſt Year, when 7 Perſons were drowned) overſet in the Bay, going acroſs to Staten-Iſland, having three Paſſengers, three Horſes, and a Curricle on board; the Paſſengers, viz. Mr. Beveridge, a Philadelphia Gentleman, with his Servant, a Countryman, and the Boatman, happily got on the Bottom of the Boat, where they remained four Hours before they could be taken off; they are however all well. One of the Horſes was drowned.

Cornelius Switz's Sloop, loaded with Wheat and Boards, from Albany, was ſtruck by the Lightning Friday alſo, between Tappan and Haverſtraw, and a Negroe in the Sloop was killed at the ſame Time. The Lightning ſtruck the Spindle of the Maſt, and went downwards.

Capt. Bryſon arrived here laſt Friday from Amſterdam, but laſt from Dover, which Place he left the 2d of July, but has brought no public prints: On his Paſſage he ſpoke with the following Veſſels, viz. the 24th of July, in Lat. 42, Long. 14: 10, with a Brig from Barbados for Liverpool; the 12th of Auguſt, in Lat. 41: 18, Long. 55: 20, with a Sloop from New-England for Oporto; and on the 20th of the ſame Month, in Lat. 39: 6, Long. 60, with a Ship from Maryland; but as it blew hard, could not learn her Captain's Name, nor where bound; and it ſo happened, that he could not obtain the Names of the Captains of the two other Veſſels.

Captains Shand, Lawrence, and Benſon, belonging to this Port, are arrived at Amſterdam; Captain Morris at Rotterdam, and Captain Stewart at Dover, all from South Carolina.

Capt. Greno, from Coracoa, 5 Days ago, in Lat. 33: 27, Lon. 71: 11, ſpoke with a Schooner from Santa Cruz for this Port, 12 Days out, and all well on board,

On Monday next the GENERAL ASSEMBLY of this Province meets here.

We are informed that WILLIAM COXE, Eſq; has ſent a Reſignation of the Stamp-Office for New-Jerſey, to the Lords Commiſſioners of the Treaſury, and aſſigned his Reaſons.

Captain Eaſton, from Montſerrat, informs us, that on the 30th and 31ſt of July, they had a violent Gale of Wind there, in which no other Damage was done, than a Number of Veſſels loſing their Boats and Anchors; but that on the Seventh of Auguſt they had another very ſevere Gale, when Captain Dailey, in a Schooner, was drove aſhore, and loſt; and he (Eaſton) was drove from his Anchors, and loſt his beſt Bower.---He further ſays, that he heard there were Thirty-one Sail of Veſſels drove aſhore at Guadaloupe in the firſt Gale, among which 2 or 3 King's Ships, with Naval Stores, ſaid to be intirely loſt: That at Martinico Thirty-five Sail were ſaid to be aſhore; but could not learn the Names of the Veſſels or Maſters, nor to where they belonged: And that a Sloop from Barbados, to Windward of Dominique, was obliged to cut away her Maſt in the Gale, and put into the Salt Pans, in St. Chriſtophers, to refit.

Captain Eaſton, in Lat. 29, Long. 65, ſpoke with Captain Campbell, in a Schooner, belonging to Halifax, who was driven to Sea in the Gale from Guadaloupe, having her Boltſprit carried away, her Stern much damaged, and had loſt her Boat, Cables and Anchors.---And on the Edge of Soundings, he ſpoke with a Brig from Jamaica for Rhode-Iſland, which had loſt her Fore-Maſt in a Gale of Wind.

By Captain Seymour, in a ſhort Paſſage from Barbadoes, but laſt from St. Chriſtophers, in twelve Days, we have a very diſtinct Account of the Damage done by the above mentioned Gale of Wind. He informs us, that a Schooner, called The Safquehannah, from Virginia for the Weſt-Indies, on the 7th of Auguſt was obliged to throw overboard Twenty odd Barrels of Flour, between two and three Thouſand of Lumber, and loſt his Gib-booſe, Fore Stay Sail, Jibb, Topmaſt, Rigging, &c. and arrived at St. Chriſtophers the 14th ult. to refit----That at Dominique the Veſſels were all aſhore, or drove out to Sea, twelve of which were miſſing, and ſome ſaid to be loſt, with all their People.---That Captain William Billings, of New-London, put to ſea from Guadaloupe, with 25 Hogſheads of Melaſſes only in, and it was much feared that he would not be able to ſtand out the Gale.---That Captain Catlin, in a new Brig, from New-Haven, was entirely loſt at Guadaloupe; and it was ſaid twelve of the Veſſels then there were Engliſh----And at the Grenades, he was informed the Veſſels ſuffered as much as at any of the other Iſlands.

Sutton left Jamaica the 7th of Auguſt, when they had had no Gale of Wind there----On the 27th ult. he ſpoke with a Sloop from Coracoa for New-York.

Captain Wood, from Bermuda, on the 20th of laſt Month, ſpoke a Sloop from Santa Cruz for Metomkin, in Virginia, which had been twice aſhore, off of Chinkoteague Shoals, in a Gale of Wind, by which ſhe had broke her Boom: He thinks the Captain's Name was Robinſon----And on Friday laſt with a Schooner from Santa Cruz for New-York, in Lat. 38: 30, out four Weeks.

Captain Gillis, from St. Sebaſtians, on the firſt of Auguſt, in Lat. 35: 32, Long. 36, ſpoke a Snow from the Havannah for Cadiz and London----And on the 4th, in Lat. 36: 55, Long. 28, ſaw a large Ship, which ſet her Top-gallant Sails, and gave him Chace; but finding ſhe could not come up with him, hauled her Wind, and ſtood to the Northward. He ſuppoſed the Veſſel to be a French Fiſherman, drove from the Banks by ſome of our Men of War.

Captain Neaſmith, from the Bay of Honduras, adviſes, that about three Weeks before he ſailed, the Negroes at the New River roſe and killed the Crew of a Flat belonging to the Ship Sally, Captain Gibbons, of London; that they had alſo killed Mr. Cook, one of the Settlers there; that a Carpenter who was with him, received a great Number of Shot, but got off; that the Negroes were daily running away into the Woods; and that the White People were fitting out an armed Flat to go in Queſt of them.-------On the 11th ult. off Cape Anthony, Captain Neaſmith ſpoke a Schooner, Capt. ▲ RANDLE MALIN.

By Captain RICHARDS, arrived at New-York from London, we have the following Advices, viz.

PARIS, June 25.

THE Members of the Parliament of Brittany, who lately resigned their places, have all repaired to Rennes, in consequence of the King's orders; but they persist in the refusal to resume their functions.

LONDON.

June 22. Yesterday his Majesty was pleased to appoint John Wood, Esq; to be Governor of the Isle of Man.

Private letters from Lisbon advise, that the Marquis de Almadover, the Spanish Ambassador, had just communicated a piece of intelligence from New Spain, which would probably occasion a joint expedition of the crowns, to dispossess the two suits of Paraguay, of their fertile settlements in South America.

It is reported that each common man will have 1500l. to share on the important victory gained in the East-Indies.

The Right Hon. Charles Yorke is talked of as intended for the employment of Chancellor of the Exchequer.

June 24. Saturday morning his Majesty came to town from Richmond to the Queen's palace; and about the same time the Right Hon. William Pitt arrived in town from Hayes; who afterwards had the honour of a long conference with his Majesty at the Queen's palace.

Some approaching changes in certain civil and military departments, in North America, are confidently talked of at the West end of the Town.

It is reported, that provided a certain great patriot should be employed in a high post under the government, several regulations and alterations will take place; and particularly, 1. A dissolution of the present Parliament, and a future establishment of triennial Parliaments. 2. A renewal of the former treaty with our late magnanimous ally the King of Prussia, who will in that case be allowed a particular stipulation, said to be due to him by a former treaty, which it is said are his expences from the time of our making peace, to that of his conclusion of peace. 3. A declaration, that general warrants, to seize and apprehend all persons indiscriminately, at the will of certain persons, be declared illegal. 4. That the late cyder act, so far as it subjects the makers to the hardship of excise laws, be totally repealed.

June 27. On Tuesday evening an express was dispatched from Richmond to Mr. Pitt, at Hayes, to attend at the Queen's palace yesterday morning; and after the King returned from the review, Mr. Pitt had the honour of another private conference with his Majesty. Mr. Pitt afterwards stopt, for a short time, at Lord Temple's house in Pall Mall, and then returned to Hayes.

Yesterday the Hon. General Conway was at his Majesty's levee.

The privy council yesterday was the fullest known for some years past.

Yesterday there was a great Board of Treasury at the Cockpit, Whitehall.

It is confidently asserted, that no naval officer will for the future be appointed to hold precedence at the Admiralty Board.

It is positively asserted, that George Pitt, Esq; member for Dorsetshire, will very soon be called to the House of Lords.

July 1. The Dutch frigate of war, Hussen de Meor, is fitting out in the Texel, to go in quest of a crew of pirates, who have lately plundered several of their merchant ships in the channel.

On the 30th of January last, about nine o'clock in the morning, as a ship called the Elizabeth, of Dunkirk, Adrian Frederick master, was sailing from thence, bound for Bourdeaux, the said ship was piratically attacked on the high sea, near Pevensea, by two English shallops, or large boats, the crews of which by force plundered and robbed the said ship Elizabeth of several chests of merchandize, to a very considerable value, in violation of the laws of nations. A reward of One Hundred Pounds is offered unto or amongst such person or persons as shall, within three months from this time, discover any of the offenders.

Yesterday Capt. Williams, of the royal regiment of artillery, set out for Plymouth, to take the command of three companies of the said regiment, bound to America. We are told the Captain and two of the companies are to make a settlement on the Labrador Coast, the other company to be stationed at St. John's and Placentia. The government has allowed upwards of 40 women and 70 children to go with them. It has given great pleasure to find the government has had an eye to a settlement that must certainly be of the greatest advantage to this country.

His Royal Highness the Duke of Cumberland, Lord Temple, the Right Honourable Mr. Pitt, and the Right Honourable Mr. Grenville, had a long conference together on Wednesday last.

July 2. It is now confidently reported, that the late extraordinary councils were not so much confined to the intended changes in the ministry, as they regard some very important dispatches from the continent, the subject of which is kept a profound secret, though it is whispered that certain systems, dangerous to the balance of power, and the general liberties of Europe, have, for some time past, been actually negociating in the cabinet councils of our natural and inveterate enemy.

July 5. This day a council is summoned to meet at St. James's, which is said to be relative to some intended change in the Ministry.

Wednesday night some dispatches, said to be of importance, were sent away to the Hon. Mr. Yorke, his Majesty's Ambassador at the Hague.

Yesterday the Hon. Mr. Yorke, his Majesty's late Attorney General, had a private conference with his Majesty upwards of two hours, at the Queen's Palace, before he went to Court.

It is now confidently reported that Lord Weymouth will certainly be appointed Lord Lieutenant of Ireland.

Saturday morning his Royal Highness the Duke of Cumberland had a conference with his Majesty at Richmond.

Sunday afternoon his Royal Highness had a conference with the Duke of Newcastle, at Windsor Lodge.

And on Monday morning again with his Majesty at Richmond.

From whence, and other circumstances, the report of a change of Ministers has been revived within these few days. And the changes which have been talked of are as follow:

The Duke of Newcastle President of the Council.

The Earl of Winchelsea First Lord of the Admiralty.

Marquis of Rockingham First Commissioner of the Treasury.

Mr. Dowdeswell, Chancellor of the Exchequer.

The Duke of Grafton and Earl of Egmont, Secretaries of State.

General Conway Secretary at War.

Lord Albemarle, Lord Lieutenant of Ireland. And some say,

Chief Justice Pratt will be created a Peer, and his son have the reversion of a Tellership of the Exchequer;---but this is premature.

It is said that the reason of so many negotiations having been set on foot for a change of Ministers, is, the storm that threatens us from abroad; and therefore it is found to be of the last importance to these kingdoms, that men of the first-rate abilities should be immediately employed to prepare against it. But the misfortune is, that while the Favourite and his Faction hold their absolute power behind the curtain, those who are both able and willing to serve their country, will not hazard their reputation under an influence so detested and dangerous.

It is remarked, that so few and so small are the orders from America for our manufactures and goods, that the ships lately sailed thither, have not had half their lading. And it is the universal complaint throughout the kingdom, that trade in general is manifestly upon the decline.---To what is this owing?

July 6. This week Robert Charles, Esq; agent for the city and province of New-York, received particular dispatches from the Assembly of that province, which, we hear, are to be laid in the nature of an appeal before the next Committee of the Lords of the Treasury.

It is said that Lady Chatham, consort to the Right Hon. Mr. Pitt, will be created a Countess in her own right, with remainder to her issue by that celebrated patriot.

It was yesterday rumoured, that Mr. PITT and Lord TEMPLE, had only declined accepting a share in the Administration conditionally; but that such a string of exceptions were made, as to these Gentlemens proposed collegues, in power, as hitherto greatly disconcert the general plan of accommodation. However it was said, a medium has at last been proposed, through the influence of two great Personages, to effect a coalition, highly necessary at this juncture, for giving weight to our national character, both at home and abroad.

July 8. Friday, about one o'clock, his Royal Highness the Duke of Cumberland came to Town.

On Saturday last his Grace the Duke of Newcastle gave a grand entertainment to several of the Nobility and Gentry at his seat at Claremont.

All that is certain concerning a change of Ministers, is, that a negotiation continues still on foot; and it is thought that many things were settled yesterday with the above, and other great Personages.

Thursday, about noon, Mr. Charles Yorke went suddenly from Lincoln's Inn-hall to St. James's, and was in conference with his Majesty upwards of two hours.

It is now said that Mr. Pitt and Lord Temple will never accept of any Place under the government; though they have declared they will be ever ready to assist their country with their advice, whenever they are called upon by their royal master for that purpose.

Although a nomination has been made, it is nevertheless confidently asserted, that a very great difficulty still subsists with regard to the final appointment of a personage proper to fill a very important office, of more dignity than profit.

We hear that the vacant garter is intended for one of the branches of the Royal Family, who is soon to be created Duke of Lancaster.

There is a report that the Right Hon. the Marquis of Granby will speedily set out on an affair of Importance to Hanover.

It is now said that a certain grand assembly will, for many important reasons, be summoned to attend the service of the nation full three months sooner than customary.

Friday morning, at eleven o'clock, died at his house in Grosvenor-square, suddenly, his Grace the Duke of Bolton, Marquis of Winchester, and premier Marquis of England: His Grace is succeeded in estate and title by his only brother, Lord Harry Paulet, now Duke of Bolton.

Friday last there was a Council at St. James's, at which were present the Lords Northington, Northumberland, Halifax, Sandwich, and Egmont, and Mr. George Grenville.

It is pretty confidently asserted, that a negotiation of the last importance is now on the carpet with the court of Berlin.

St. James's, July 5. His Majesty in council was this day pleased to order, that the Parliament, which stands prorogued to Thursday the 11th of this instant July, should be further prorogued to Tuesday the 17th day of September next.

ANNAPOLIS, August 29.

Monday Morning last, a considerable Number of People, ASSERTORS of BRITISH-AMERICAN-PRIVILEGES, met here, to shew their Detestation of, and Abhorrence to, some late tremendous Attacks on LIBERTY, and their Dislike to a certain late arrived ---------- Officer; A NATIVE OF THIS PROVINCE! They curiously dressed up the Figure of a Man, which they placed in a One-Horse Cart, Malefactor-like, with some Sheets of Paper in his Hands before his Face: In that Manner they paraded through the Streets of the Town, till Noon, the Bell at the same Time tolling a solemn Knell; when they proceeded to the Hill, and after giving it the MOSAIC LAW, at the Whipping-Post, placed it in the Pillory; from whence they took it and hanged it to a Gibbet there erected for that Purpose, and then set Fire to a Tar Barrel underneath, and burnt it, till it fell into the Barrel. By the many significant Nods of the Head, while in the Cart, it may be said to have gone off very penitently.

NEW-YORK, September 5.

By a Letter of the 11th of July, we are informed that the Ministry was just then settled; but only a few Particulars were known: We are assured that the following may be depended on.

The Duke of Grafton and Mr. Pitt to be Secretaries of State, for the Southern Division; Sir George Saville Secretary at War. That none of the Grenville Family are admitted into the new Administration, but that the Hon. George Grenville is hereafter to be in a capital Post; and that the utmost Care is taken to render this Change agreeable to all Parties.

Many very respectable Names are mentioned besides the above, but we cannot give them a Place in this Paper, until they are better authenticated.

In consequence of the Address to the King, and Remonstrances to the Hon. Houses of Parliament, from the Province of Virginia, the utmost Resentment appeared, but the Resolves that succeeded them, were not known in England.

There have been more Disturbances by the Weavers, at Tiverton, in Devonshire; they rose and destroyed the House and Manufactories of one of the most eminent Persons in the West of England; in short, the whole Kingdom was in a very convulsed State, when the last Advices came away.

By a gentleman just arrived from Newport, in Rhode Island, who was present at the late disturbances in that town, we have the following circumstantial account, viz. That Mr. Johnson, the appointed stamp officer, having, contrary to the inclination and advice of his acquaintance, and the whole body of the people, declared that he was determined to act in that office; and Mr. Martin Howard, a lawyer of some eminence, and doctor Moffat---who had made themselves busy in defending the Stamp-Act, and were the supposed authors of several paultry pieces in favour of the right of the parliament of Great Britain to tax the colonies, and particularly in opposition to a pamphlet, entituled, The Rights of Colonies, &c. On Tuesday morning, the 27th ult. three figures were exhibited, representing the above three persons, and made extremely like them, with the same kind of clothes and dress in all respects, that they have of late most commonly appeared in---the same morning early a gallows, about 20 feet high, had been erected in the main street, just before the town house. About 10 o'clock the figures were put into a cart, with ropes round their necks, and conveyed through the town, amidst a vast concourse of people, to the said gallows, and there hanged, Johnson in the middle between the other two; in his right hand he held a stamp, and on his breast a label, I AM THE STAMP MAN. The other two figures had many labels pinned on different parts of them---after hanging till about 4 o'clock, several tar barrels, and other combustibles, were brought under the gallows, and the whole consumed together---after which the mob dispersed, and all was quiet---The three persons expecting mischief, had removed most of their effects, but finding all quiet, they expected the affair was over, appeared abroad, and replaced their goods; but the next evening, about 8 o'clock, a prodigious multitude suddenly assembled, and proceeding with loud huzza's to the house of Martin Howard, first entirely demolished the windows, then shattered the doors to pieces, broke all the looking glasses, chairs, tables, desks, book-cases, and entirely destroyed every article of furniture, and scattered them about the streets, together with all the books and papers, broke open all the chests, trunks, &c. took out all the clothes they could find, tore them into small pieces, so as to be useless, and scattered them abroad, tore down all the partitions, wainscotting, stair cases, tops of the chimneys, and, in short, after destroying every thing valuable in the house, reduced it to a ruin. They next proceeded to the house of Doctor Moffat, which they served in the same manner, destroying every thing, and emptying his cellars of a large quantity of fine old wine. They were then making to the house of Mr. Johnson, but as it was the property of another man, who was somewhat popular, at his intercession they agreed to spare the house till next day, provided he would use his interest with Johnson, to get him to resign, which he promised, and they declared, that if Johnson did not the next day give them full assurance, that he never would act in the stamp office, or do any thing in favour of it, that his house and effects would be treated as those of the other two; the mob then proceeded to the house of the collector of the customs, who had likewise been busy in the affair, and had otherwise incenced them---Him they determined to put to death, and surrounded the house where he boarded; but he apprehending the danger, had got on board a man of war in the harbour---they did no manner of mischief to the house, nor to any other persons, but suddenly dispersed, and all was quiet---none of the people were in the least disguised.---

By the HARTFORD POST, which arrived last Night, we have the following.

IT appears by the Boston Papers, that on the 26th of August, a great Number of People, unlawfully assembled, did attack the Dwelling House of William Story, Esq; Deputy Register of the Court of Admiralty, broke his Windows, entered his House and Office, and did scatter, burn and destroy all the Books and Papers on the Files belonging to it, and most of his own Papers, and those of other Persons in his Hands, and damaged and destroyed great Part of his Furniture.----That then they proceeded to the Dwelling House of Benjamin Hallowell, Esq; Comptroller of the Customs for the Port of Boston, where they behaved in like Manner, drank and destroyed the Liquors in the Cellars, took away his wearing Apparel, broke open his Desks and Trunks, and took out all his Papers, and about 30l. Sterling in Money.----Then they assaulted the Dwelling House of the Hon. Thomas Hutchison, Esq; the Lieutenant Governor, broke all the Windows, Wainscot, Partitions, &c. cut down the Cupola, and uncovered great Part of the Roof, leaving the House a meer Shell from Top to Bottom; broke and destroyed all the Furniture, destroyed or carried off all the wearing Apparel, Jewels, Books, and Papers of every Kind belonging to himself or Family; drank, took away, or destroyed 8 Pipes and 3 Quarter Casks of Wine, and every Bottle of Liquor, and all Provisions and Stores of every Kind from his Cellars; also carried off 900l. Sterling in Money, and all his Plate, pillaging and destroying every Thing in the House; and continued thus riotously assembled the whole Night, committing divers Outrages, and threatning the Custom House, and the Houses of sundry other Persons. The Governor has issued a Proclamation, offering a Reward of £. 300 for the Discovery of the Leader or Leaders of any of the Parties; and of £. 100 for any other Person concerned, and his Majesty's Pardon, if it is discovered by a Party concerned (except a Leader.)

Next Morning there was a Meeting of the Freeholders and other Inhabitants, of the Town, which, though they had not above two Hours Notice, was the fullest that ever was known, when they unanimously voted their utter Detestation of the Violences of the preceding Night, and resolved to use all possible Endeavours to suppress the like Disorders for the future; and the Magistrates and other Gentlemen of the Town, the Cadets Company, the Train of Artillery, and several Companies of the Militia, have kept a Night Watch, to prevent any further Violences.

When the Appointment of Sir Harry Moore to the Government of this Province was known, we hear a general Joy among the Gentlemen acquainted with his Character, diffused itself throughout the City; as he is said to be a Gentleman possessed of every Quality that will endear him, both in public and private, to the People of this Country.

BOSTON, August 29.

At a meeting of the Inhabitants of the Town of Charles Town,

August 28, 1765.

And whereas there is Reason to fear the like Disorders may be committed in this Town, Voted, That the Magistrates and Selectmen of the Town be, and they hereby are, desired to use their utmost Endeavours to prevent the same.

NEWPORT, September 2.

At a Town-Meeting of the Town of Little-Compton, in the Colony of Rhode-Island, on the 27th Day of August, 1765.

It is unanimously Voted and Resolved, that the following Instructions be given to the Gentlemen who represent this Town in General Assembly.

AS the present Crisis of Affairs in America is truly alarming, our Liberty as free-born Englishmen being greatly encroached upon by the Parliament of Great-Britain, in burdening us with internal Taxes without our Knowledge or Consent, and without so much as allowing us the least Shadow of Representation in that august Assembly, or even suffering our Petitions for Redress of Grievances to be read before them;---The Extension of the Power of the Admiralty Courts in America, by which that darling and dear-bought Privilege of being tried by Juries in Cases affecting our Property, is in a great Measure abridged;--- We cannot reflect upon these unconstitutional Measures without dreading their Consequences, or without asserting our Liberty as free-born Englishmen, in the most public Manner we can.

We therefore earnestly recommend to you, Gentlemen, who are the Deputies to represent us in General Assembly, to use your utmost Endeavours, that, in a particular Manner, the following essential Things, at this critical Conjuncture, may take Place.

That whereas the neighbouring Governments have thought proper to appoint Commissioners to meet at New-York, on the first Day of October next, in order to unite in a Petition to the King, for Relief from the Stamp-Act, and other Grievances; you are requested by us to use your utmost Endeavours, that such Commissioners from this Colony be appointed to join them as you can confide in, as Friends to British Liberty, and especially to

the Liberties and Privileges which this Colony has received by Charter.

You are requested likewise to use the utmost of your Endeavours, that our essential Rights and Liberties be asserted in General Assembly by Votes or Resolves, particularly,

1. That the Inhabitants of this Colony have as clear and full a Right to all the Liberties and Privileges of Englishmen, as if they had been born and abiding in the Realm of England, and consequently,

2. That levying internal Taxes on the Inhabitants of this his Majesty's Colony of Rhode-Island, and Providence Plantations, by the Parliament of Great-Britain, without the Consent of the Legislature of the Colony, or an actual Representation of the Colony in the supreme Legislature of the Nation, is in the highest Degree unconstitutional: And

3. That all Causes, growing and arising in this Colony, on Account of levying internal Taxes, cannot, constitutionally, or consistent with the Liberties of the Colonists, be tried by any other Court, excepting the Courts of Common Law.

And we put the greatest Confidence in you, that in all other Matters of less general Concernment, you will act conformable to the happy Constitution of your Country: That you will be steady Asserters of American Liberty, particularly that of your own Colony: And, to sum up the whole, that you will act like Englishmen.

The above is a true Copy, as appears by the Records of Little-Compton.

Attest. JEPHTHAH PEARCE, Town-Clerk.

To the Inhabitants of the Town of Newport.

Gentlemen,

AS I find my being appointed the Stamp-Officer of this Colony, has irritated the People of this Town against me, though the Office was bestowed on me unasked, and unthought of: And being willing, as far as it is in my Power, to restore Tranquility to the Town, do engage, upon my Honour, that I will not accept of said Office, upon any Terms, unless I have your Consent for the same.

August 29, 1765. AUGUSTUS JOHNSTON.

PHILADELPHIA, September 12.

Our ASSEMBLY, which is now sitting, have agreed to appoint a Committee of their Members to attend at New-York, on the First of next Month, to join with and assist at the general Congress, then to be held there, for remonstrating to the Crown against the Stamp Duties, and other Burthens, laid upon the Colonies by late Acts of Parliament.----The Gentlemen appointed to this Service are the SPEAKER, Mr. DICKINSON, Mr. BRYAN, and Mr. MORTON.

Yesterday arrived here the Carolina, Captain Friend, from London; but having had a Passage of nine Weeks, brings nothing new.

As we are informed that the Account of Mr. COXE's Resignation of the Stamp-Office, in New-Jersey, in our last Week's Paper, is not so satisfactory to some of our Jersey Customers as they desire; we now assure them, we had Mr. Coxe's express Leave for putting it into our Paper.

Captain Grinnell, from the Bay of Honduras, but last from South-Carolina, advises, that Capt. Since our last Captain Cobourn arrived here from the Bay of Honduras. On the 6th of August, in Lat. 23: 35, Long. 86, he spoke a Brig from Jamaica for Boston, out six Days, and parted with her in the Gulph of Florida.------Before Captain Cobourn left the Bay, the following Advertisement was published there, viz.

"WHEREAS the Negroes belonging to the Estate of Mr. Thomas Cook, after the inhuman Murder of their Master, do still continue in the New River, murdering the white Men, and destroying the Flats that fall in their Way, by which Means a Stop is put to the Trade of that River; and should they be joined by other Malecontents in other Places, the Consequence might be fatal to the Trade of this Place: This is therefore to give Notice to all Persons who are willing to go in Quest of said Negroes, that they shall be provided with proper Arms and Ammunition, and Vessels to carry them, and receive a Gratuity of TEN SHILLINGS Cash per Day; and further, that all the Plunder they take from said Negroes, shall be divided amongst them; and for every Negroe they bring in, dead or alive, they shall receive a Reward of Ten Tons of Logwood, to be equally divided amongst the Adventurers."

Monday last Captain Smith arrived here, in seven Weeks from Cowes, with about 300 Palatines, all in good Health.-----On the 14th of July, off the Lizard, he spoke the Ship Salisbury, Capt. Harker, from London for Quebec. 25th, in Lat. 34: 8, Long. 22: 46, spoke the Friendship, Capt. Ball, from London for South-Carolina. Aug. 25, in Lat. 34: 31, Long. 60, spoke the Snow Mary and Ann, Capt. St. Barleys, from Jamaica for London, out four Weeks, all well. And on the 29th he spoke a large French Ship, from St. Domingo for St. Maloes, with a great Number of Passengers on board.

Captain Craig, from Barbados, has favoured us with the following Arrivals at that Island, from the 8th to the 21st of August, viz. From Philadelphia. The Captains Matthews, Dell, Young, and Eddy.------Boston, Captain Hoskins.----Salem, Captain Stevens.----New-London, Captains Chenerver, Bunts, Gooding, and Higby.-----New-Haven, Captains Rice and M'Clive.-----Piscataqua, Captains Stoward and Bartlett.-----Rhode-Island, Captains Johnson and Shepherdson.-----Virginia, Captains Davidson, Tilledge, Morgan, Todd, and Cosby.----Maryland, Captains Dickenson and Belt.

In Lat. 23: 15, Long. 62, Captain Craig spoke a Ship, Captain Stoward Buckingham, from Boston for Jamaica, out 28 Days.

From Newfoundland we have Advice, that the French pay no Regard to the Limits appointed them for Fishing; that they had built several small Vessels on the Main; that Governor Palliser had seized one or two of their Vessels, as well as some English who were at St. Peter's, and sold them, with their Cargoes, at St. Lawrence's; that a Tender had been sent to St. Peter's to see what Vessels were there, but was detained by the French; and that a Man of War was gone Express to England.

The Ship Phœnix, Captain Miller, is arrived here from Londonderry.

On the Fourth Instant, at Night, was stolen out of the House of Mr. Benjamin Fuller, in Market-street, a plain Silver Quart Tankard.

When he went away, he had on a snuff coloured coat and waistcoat, and a pair of cloth breeches, with a couple of white shirts. He usually wears a black bob wig, but his hair being pretty long, which is dark coloured, it is likely he may throw his wig aside. He has a sett of silver shoe and knee buckles.

It is imagined he will endeavour to make either for South-Carolina, or to Philadelphia, New-York, Boston, &c. all Persons are therefore cautioned not to harbour or employ him, as they will, if discovered, suffer the utmost rigour of the law.

Whoever apprehends the said George Fisher, and has him conveyed to the Printing-Office, shall, if taken in South-Carolina, Pennsylvania, Jerseys, New-York, or any where to the Northward of New-York, have TEN POUNDS Reward.

JOHN JONES (alias BAKER) an apprentice, about 18 years of age, 5 feet 4 inches high, has a remarkable wide mouth, a down look, very impudent, and loves liquor; he had a lapelled waistcoat the same as Kelly's, a dark coloured coat, ozenbrigs shirt and trowsers, and old shoes. They are both carpenters, and belong to James Atherton; who will give FIVE POUNDS reward for apprehending Kelly, and THREE POUNDS for Jones, if taken out of the colony.

The firmneſs and unalterable union of theſe two illuſtrious Patriots, ſhews, ſtronger than any words can, the rectitude of each other's conduct; while their known integrity, abilities, and love for their country, make every honeſt man ſincerely wiſh they were reſtored to their proper places in the adminiſtration; which, however, cannot be accompliſhed, until ſecret influence is totally removed; an happineſs that is not only moſt ardently looked for, but hoped to be not far diſtant.

On Thurſday the 4th inſtant, was tried at Guildhall, before Lord Mansfield, an action upon a policy of inſurance, againſt an underwriter on goods ſhipped in a general ſhip at Montſerrat, for London; when, it appearing that the ſhip was not ſea-worthy to undertake the voyage, the cauſe was determined in favour of the inſurer. By this determination it appears, that when a ſhip is inſufficient to proceed upon the inſured voyage, all policies of inſurance (whether on the ſhip or goods) are diſcharged; and that ſhippers of goods muſt reſort to the owners of ſhips for a ſatisfaction for the injury they ſuſtain by loſſes occaſioned from the inſufficiency of ſhips.

When Mr. Williams entered Guildhall on Wedneſday, he had a roll of paper under his arm, and being aſked what it contained, he informed the enquirer it was one of his ſureties, and immediately produced a print of Mr. Wilkes, with the Cap of Liberty by his ſide.

It is ſaid there will be ſeveral removes ſoon made in Scotland among the different officers of the revenue, and other officers in that kingdom.

It is whiſpered, that one principal cauſe of the late great change, was in conſequence of certain vigorous repreſentations, founded on facts, and ſupported by the credit of a very great perſonage, that but a few months longer continuance of the then meaſures, reſpecting trade, would not only throw the balance into the hands of our natural enemies and rivals, but alſo go near to ruin the Weſt-India and Colony commerce, to the enriching the other European ſettlements in America, at the expence of this kingdom.

ANNAPOLIS, September 5.

Wedneſday, laſt Week, a Number of reputable Perſons aſſembled together at Baltimore-Town, and diverted themſelves with Carting, Whipping, Hanging, and Burning the Effigies of a Diſtributor of Stamps.

On Thurſday, the ſame happened at Elk-Ridge; and on Monday, at Frederick-Town, in Frederick County: Exhibitions of this Sort being now very common in this Province, as well as other Parts.

Monday Night laſt, a Number of People unknown, aſſembled in this Town, and pulled down a Houſe lately rented by a certain unwelcome Officer.

LEBANON (in Connecticut) Auguſt 27.

Yeſterday was held in this Town a ſpecial Court, for the Trial of a certain Criminal, late A---t for this Colony: He made his Appearance at the Bar of ſaid Court, in the Perſon of his VIRTUAL Repreſentative, and was denied none of the juſt RIGHTS of Engliſhmen, being allowed the Sacred Privileges of a Trial by his Peers, &c. After a full Hearing, he was ſentenced to be taken from the Tribunal of Juſtice, placed in a Cart, with a Halter about his Neck, carried in Proceſſion through the Streets of the Town, to expoſe him to juſt Ignominy and Contempt, and then to be drawn to the Place of Execution, and hanged by the Neck 'till dead, and afterwards to be committed to the Flames, that if poſſible he might be purified by Fire; which Sentence was immediately executed amidſt a vaſt Concourſe of Spectators exulting in the Proſpect of LIBERTY. On the right Hand of the Priſoner ſtood the grand Seducer of Mankind, offering him a Purſe, and hiſſing this Propoſal, "Accept this Office, "and enſlave your Country, and 400 l. per Annum, ſhall be your "Reward." His injured Country, repreſented by a Lady dreſſed in Sable, with Chains rattling at her Feet, was placed on the other Side, thus pleading with her baſe, unnatural Child--"My Son! remember that I have treated you with the utmoſt Tenderneſs, "and beſtowed on you my higheſt Honours, pity your Country, "and put not on me thoſe Chains:" To which her ungrateful, degenerate Son replied, in a Label proceeding from his Mouth, "Periſh my Country, ſo that I get that Reward:" Upon the Utterance of which, ſuch indignant Wrath ſwelled the Boſom of this venerable Matron, that her Power of Speech failed; yet the Sentiments of her Heart appeared glowing in Capital Characters upon her Breaſt, in the following Words:

"--------Heaven cruſh thoſe Vipers,
Who, ſingled out by a Community,
To guard her Rights, ſhall, for a graſp of Ore,
Or Paltry Office, ſell them to the Foe."

Which awful, prophetic and parental Curſe, preſently took Place, for as ſoon as this Repreſentative was exhibited ſufficiently to excite a meer Abhorrence and Deteſtation of his Crimes, being protected by a ſtrong Guard, from the Rage of the Populace through the whole Proceſſion; and after hanging till he was dead, was cut down, and delivered into the Power of his falſe Friend and Seducer, who according to his uſual Practice, changed from a Tempter to a Tormentor; plunged his Priſoner headlong in a huge Pyramid of Fire, and followed him immediately himſelf, with his mighty Paws barring faſt the Gates of this ſuitable Habitation: Meanwhile the Heavens reſounding with Acclamations and loud Huzzas: Nor did a weeping Eye or relenting Heart hinder or allay any Demonſtration of Joy, which an ardent Love of LIBERTY could inſpire in the Breaſts of her moſt virtuous Sons.

BOSTON, September 5.

In COUNCIL, September 5, 1765.

His Excellency ſpoke to the Council in the following Words:

GENTLEMEN,

I HAVE been informed that it is reported about the Town, that the Stamped Papers are to be lodged in the Caſtle, there to be unpacked and diſtributed. I have frequently in Converſation ſhown the Abſurdity of ſuch a Suppoſition; but as what I have ſaid is perhaps not much known, I make this Declaration to you; That I have no Warrant, Order or Authority whatſoever to diſtribute the ſtamped Papers, or to unpack the Bales, or ſeparate the Parcels, or order any Perſon whatſoever ſo to do; that it can not be conceived that I ſhould be ſo imprudent as to undertake a Buſineſs to which I have no Appointment, and make myſelf anſwerable for LARGE SUMS OF MONEY, the Receipt of which I cannot attend to, and have no Power to direct or order; what I have done in Purſuance of your Advice, in ordering the Stamped Papers to be depoſited in the Caſtle, and there to be defended with all the Force of that Fortreſs, was to preſerve them intire and unpacked for his Majeſty's Uſe. In this I have had two Things in View, to prevent imprudent People from committing an high Inſult upon the King, an Indignity which would be ſure to meet with particular Reſentment; and to ſave the Town or Province, as it may happen, from being made anſwerable for ſo great a Sum as the Value of the Stamped Papers will amount to, as they certainly will be, if the Stamped Papers ſhould be taken away. In providing againſt theſe two Evils, ſurely we are endeavouring to do the Town and Province real and important Service, whatever People in their preſent Temper may think.

"His Excellency having made the foregoing Declaration to the Board, they ſigned their unanimous Deſire to his Excellency that he would permit the ſame to be publiſhed; and his Excellency thereupon gave Permiſſion for publiſhing the ſame accordingly.

A. OLIVER, Secretary.

We hear that the Meeting of the Commiſſioners from the ſeveral Provinces will be general; to the great Pleaſure of every Inhabitant of this, where it was firſt propoſed.

The Friends of the New Hampſhire Stampman, in order to quiet the Minds of the People there, and prevent their ſhewing any Marks of publick Diſgrace to him, have engaged that he will reſign that Office upon his Arrival there; otherwiſe they will leave him to the Conſequences of the popular Reſentment.

Sept. 9. We hear from Haverhill, that laſt Week a Number of Men were inliſted there, at Eight Dollars Bounty; they are ſaid to be intended for an Independent Company, but what Service they are to be employed in is only as yet conjectured; however, the People at that Place, to the Number of upwards of 300, were ſo diſſatisfied, that they waited upon the inliſting Officer in a Body, to enquire the Reaſon of this Proceeding; but not receiving a ſatisfactory Anſwer, they peremptorily informed him, that not one Perſon who was ſo inliſted ſhould be carried out of the Place.

The Public have been greatly alarmed the Week paſt, with Rumours that Caſtle William was to be turned into a Stamp-Office, that new Works for Defence were adding to that Fortreſs, and that ſeveral Guarda Coſtas, not Spaniſh, but Engliſh, were arrived, for the Protection and Defence of Stamp Papers and Stampmen---As alſo the Independent Companies were to be raiſed, and one Col. Saltonſtal, and Mr. Miller, a regular Officer, were commiſſioned to raiſe the Men about the Country, the Preference to be given to Foreigners, and Monies had been drawn from the Province Treaſury towards the Expence.---As to the firſt of theſe Reports, the Governor's Speech to the Council will explain it; but as to the latter, we are ſtill kept in the Dark,---ſome ſay it is really a Fact, and that a ------ adviſed to it, in order to prevent Lord Colville and General Gage being wrote to for Troops; but we cannot credit a Report of this Nature, which muſt ſo greatly affect the Concerned: Neither can we think but that the Charge of raiſing theſe Men, if true, muſt be at a private Expence, as no Proviſion of this Sort has been made by the Houſe of Repreſentatives, and we muſt not conclude any other Branch or Branches of the Legiſlature would take upon themſelves to do it, eſpecially at a Time when all the American Provinces are loudly complaining of the Hardſhip of a Parliament in which they are not actually repreſented. It would certainly tend to quiet the Minds of the good People of this Town and Province, to be informed by Authority, that theſe Reports are without any Foundation.

We juſt now hear the Connecticut Stampman is to make his Reſignation in Form this Week.

NEW-YORK.

Sept. 16. Yeſterday Evening arrived here Capt. Harriſon, in 3

Days from South-Carolina, with whom came Paſſengers Thomas Linch, Chriſtopher Gadſden, and John Rutledge, Eſqrs. Spoke with no Veſſel on the Paſſage.

NEWPORT, September 9.

The Freemen of the Town of Newport, at a Meeting held on the 3d Inſtant, UNANIMOUSLY VOTED, That the following Inſtructions ſhould be given to the Gentlemen who repreſent them in the General Aſſembly, viz.

To the DEPUTIES of the Town of Newport.

GENTLEMEN,

THE Confidence we have in your Integrity and Ability, hath induced us repeatedly to make Choice of you to repreſent us in the General Aſſembly; and it is with Pleaſure we reflect that your Conduct hath juſtly merited our Approbation.

The Truſt repoſed in you, at all Times requires your Attention to the Public Intereſt: But at this critical Conjuncture, when the Liberties of his Majeſty's Subjects in America are in the greateſt Danger of being ſubverted, the utmoſt Wiſdom, and the moſt unſhaken Fortitude, are neceſſary, to extricate us from our perplexed and embarraſſed Situation.

With Hearts filled with Loyalty and Affection to his Majeſty, and inviolably attached to Great-Britain, the Inhabitants of this Colony chearfully complied with every Requiſition made by the Crown during the late long and bloody War; and exerted themſelves in it with a Spirit far exceeding their Ability. They were happy in receiving the Approbation of his Majeſty and the Parliament; and with great Reaſon flattered themſelves, that the ſame Favours and Indulgence, which had been always ſhewn them by their Mother Country, would have been continued to them: That their ruined Commerce would revive: That, being freed from the heavy Expences of the War, they ſhould find Means in Time to diſcharge the enormous Debt accumulated by it: And that, together with the Bleſſings of Peace, they ſhould enjoy inviolate the ineſtimable Liberties and Privileges which they received from their Anceſtors, and wiſhed to tranſmit to their lateſt Poſterity.

Inſtead of theſe parental Favours, by ſome of the late Acts of the Britiſh Parliament, the Channels of our Commerce are obſtructed,---our Property ſubjected to the arbitrary Deciſions of the Courts of Admiralty,---and an internal Tax levied upon us without our Conſent.

Trials by Juries, and the being taxed by none but their own Repreſentatives, are the inherent Rights of the Inhabitants of this Colony: They have been confirmed by a ROYAL CHARTER: They were never conteſted, but have always been recognized by the KING and PARLIAMENT of Great-Britain.

Who then can ſee thoſe glorious Bulwarks of Liberty, TRIALS BY JURIES, AND THE RIGHTS OF TAXATION, ſhocked to their Foundations, and not feel for his Country? Who is there that can feel, and ſuppreſs his Concern?

The Inhabitants of the other Colonies, affected with their preſent Diſtreſſes, and animated with the noble Spirit of Liberty, have propoſed a Meeting of Commiſſioners from all the Colonies, to be held at New-York, to conſult upon, and join in, ſuch Meaſures as ſhall be thought neceſſary for the Removal of theſe Grievances.

Inſpired with the ſame Sentiments, we expect that you will give your utmoſt Attention to thoſe important Objects, the Courts of Admiralty, and the Act for levying Stamp Duties: That while you expreſs the greateſt Affection and Loyalty to our SOVEREIGN, and all proper Regard to that auguſt Aſſembly, the Britiſh PARLIAMENT, you aſſert our Rights with a becoming Firmneſs.

That you will uſe your utmoſt Endeavours, that the General Aſſembly of this Colony appoint Commiſſioners to meet thoſe who are or ſhall be appointed by the other Colonies, upon this moſt intereſting Occaſion; and, in general, to join and cooperate with them in every reaſonable and probable Meaſure for the Peſervation of our Liberties.

It is for LIBERTY!----That LIBERTY, for which our Fathers bled!---That LIBERTY, which is dearer to a generous Mind than life itſelf, that we now contend!-----The Cauſe is vaſt and important; and if the Efforts of his Majeſty's loyal Subjects in North-America be but equal to its Importance, we have the higheſt Reaſon to think, that notwithſtanding the Diſregard ſhewn to the ſeparate Remonſtrances of the Colonies, their united Endeavours will be crowned with Succeſs

The PENNSYLVANIA GAZETTE.

Containing the freſheſt Advices, Foreign and Domeſtic.

AS the Neceſſity of cultivating Medical Knowledge in America is allowed by all, it is with Pleaſure we inform the Public, that Courſes of Lectures, on two of the moſt important Branches of that uſeful Science, viz. ANATOMY, and MATERIA MEDICA, will be delivered this Winter in Philadelphia. We have great Reaſon therefore to hope, that Gentlemen of the Faculty will encourage the Deſign, by recommending it to their Pupils; that Pupils themſelves will be glad of ſuch an Opportunity of Improvement; and that the Public will think it an Object worthy their Attention and Patronage.---In order to render theſe Courſes the more extenſively uſeful, we intend to introduce into them, as much of the Theory and Practice of Phyſic, of Pharmacy, Chemiſtry and Surgery, as can conveniently be admitted. From all this, together with an Attendance on the Practice of the Phyſicians and Surgeons of the Pennſylvania Hoſpital, the Students will be able to proſecute their Studies with ſuch Advantage, as will qualify them to practiſe hereafter with more Satisfaction to themſelves, and Benefit to the Community. The particular Advertiſements inſerted below, ſpecify the Time when theſe Lectures are to commence, and contain the various Subjects to be treated of in each Courſe, and the Terms on which Pupils are to be admitted.

WILLIAM SHIPPEN, jun. M. D.
Profeſſor of Anatomy and Surgery in the College of Philadelphia.

JOHN MORGAN, M. D. F. R. S.
And Profeſſor of Medicine in the College of Philadelphia.

DOCTOR SHIPPEN's Courſe of ANATOMICAL LECTURES will begin on Thurſday, the 14th of November, 1765; it will conſiſt of about 60 Lectures, in which the Situation, Figure and Structure of all the Parts of the human Body, will be demonſtrated on the freſh Subject; their reſpective Uſes explained, and their Diſeaſes, with the Indications, and Method of Cure, briefly treated of; all the neceſſary Operations in Surgery will be performed, a Courſe of Bandages given; and the whole conclude with a few plain and general Directions in the Practice of Midwifery. Each Perſon to pay Six Piſtoles.

Thoſe who incline to attend the Pennſylvania Hoſpital, and have the Benefit of the curious Anatomical Plates and Caſts there, to pay Six Piſtoles to that uſeful Charity.

*** It has given Dr. Shippen much Pain to hear, that notwithſtanding all the Caution and Care he has taken, to preſerve the utmoſt Decency in opening and diſſecting dead Bodies, which he has perſevered in, chiefly from the Motive of being uſeful to Mankind, ſome evil-minded Perſons, either wantonly or maliciouſly, have reported to his Diſadvantage, that he has taken up ſome Perſons who were buried in the Church Burying Ground, which has diſtreſſed the Minds of ſome of his worthy Fellow Citizens.---The Doctor, with much Pleaſure, improves this Opportunity to declare, that the Report is abſolutely falſe; and to aſſure them, that the Bodies he diſſected, were either of Perſons who had wilfully murdered themſelves, or were publickly executed, except now and then one from the Potters Field, whoſe Death was owing to ſome particular Diſeaſe; and that he never had one Body from the Church, or any other private Burial Place.

A COURSE of LECTURES, on the MATERIA MEDICA.
By JOHN MORGAN, M. D. F. R. S. and Profeſſor of Medicine in the College of Philadelphia. Price Four Piſtoles.

THIS Courſe will commence on Monday, the 18th Day of November, and be given three times a Week, at the College, viz. Mondays, Wedneſdays and Fridays, at Three o'Clock in the Afternoon, till finiſhed, which will laſt between three and four Months.

To render theſe Lectures as inſtructive as poſſible to Students of Phyſic, the Doctor propoſes, in the Courſe of them, to give ſome uſeful Obſervations on Medicine in general, and the proper Manner of conducting the Study of Phyſic. The Authors to be read, in the Materia Medica, will be pointed out. The various Subſtances made uſe of in Medicine, will be reduced under Claſſes ſuited to the principal Indications in the Cure of Diſeaſes. Similar Virtues in different Plants, and their comparative Powers, will be treated of, and an Enquiry made into the different Methods which have been uſed in diſcovering the Qualities of Medicines; the Virtues of the moſt efficacious will be particularly inſiſted upon; the Manner of preparing and combining them will be ſhewn by ſome inſtructive Leſſons upon pharmaceutic Chemiſtry: This will open to Students a general Idea both of Chemiſtry and Pharmacy. To prepare them more effectually for underſtanding the Art of preſcribing with Elegance and Propriety, if Time allows, it is propoſed to include in this Courſe, ſome critical Lectures upon the chief Preparations contained in the Diſpenſatories of the Royal Colleges of Phyſicians at London and Edinburgh. The whole will be illuſtrated with many uſeful Practical Obſervations on Diſeaſes, Diet and Medicines.

No Perſon will be admitted, without a Ticket for the whole Courſe. Thoſe who propoſe to attend this Courſe, are deſired to apply to the Doctor for Tickets, at leaſt a Week before the Lectures begin. A Dollar will be required of each Student, to matriculate, which will be applied in purchaſing Books for a Medical Library in the College, for the Benefit of the Medical Students.

CADIZ, June 18.

THEY write from Gibraltar, that the little French ſquadron, commanded by the Sieur du Chaffaut, has undertaken to bombard Sallee, and it is ſaid has already thrown into that town upwards of 160 bombs, which have deſtroyed a moſque and ſeven houſes; and that it has alſo cannonaded that place and forts belonging to it, but without much ſucceſs. It is ſaid likewiſe that the King of Morocco has ſent orders for the Syren frigate to ſail from Larrache on a cruize, notwithſtanding the French frigates that are upon that coaſt, and that he has ſent the ſame orders to all the ports in his dominions for the Corſairs to put to ſea; but the crews of many of them are ſo intimidated by the bombardment of Sallee, that they have abandoned their ſhips and fled into the mountains. We have not yet received the names of the two French ſhips that were taken by Ras Salah, and the only account we have is, that one of them was bound from Martinico to Marſeilles, and the other from Cadiz to the Coaſt of Galicia.

Cadiz, July 22. One of the frigates of the little French ſquadron, under the orders of Mr. du Chaffaut, is come to anchor in this Bay, and has brought here the news, that after having thrown 500 bombs into the city of Sallee, this ſquadron ſailed againſt Larrache, which it had deſtroyed by force of bombs and bullets; that its boats had burnt in the port two Corſairs, one of 12 and the other of 13 guns; that though it had ſet fire twice to a third, the Moors had found means to ſave it; that the loſs of the ſquadron in this enterpriſe, amounted only to 14 men killed and wounded; that it took a Daniſh veſſel deſtined for Sallee, and laden with 500 pounds of powder, 1300 bullets, ten pieces of braſs cannon, and a quantity of maſts; that afterwards it had tacked about towards Mogador, where it is to be wiſhed it may make ſome attempt, the ſucceſs of which may oblige theſe barbarians to ſue for peace.

By a Letter from Virginia we are informed, and requeſted to publiſh, That on Monday laſt Week, at the Town of Dumfries, the Effigies of ------ ------, a Native of that Colony, lately arrived there from England, with the --- honourable Commiſſion of STAMP DISTRIBUTOR, was expoſed through the Streets of the Town, accompanied by Hundreds of all Ranks: It was on Horſeback, with its Face towards the Horſe's Tail, and a ------Act tied round its Neck, with a HALTER: And received the Inſults of the Congregation, by Caning, Whipping, (the MOSAIC LAW) Pillorying, Cropping, Hanging and Burning, &c, &c.

At the ſame Place happened a very tragical Affair, on the Wedneſday Morning after: A Challenge having been ſent by a young Gentleman to Col. John Baylis, was accepted, and the Parties met; when the ſecond to the Challenger took up the Cauſe, and engaged Mr. Baylis with Piſtols: The firſt Fire hit Col. In Capt. Daverſon, from London, came Paſſengers, Dr. Lincoln, and George Meſſervey, Eſq;---The laſt mentioned Gentleman was appointed Diſtributor of the Stamps for the Province of New-Hampſhire; but, previous to his coming on Shore, he ſent a Letter to a Friend to be communicated to the Public, ſignifying, that as ſuch an Office would be diſagreeable to the People in general, he ſhould reſign it; the Intelligence of this induced a great Number of his Friends and other Gentlemen to repair to the Long-Wharf, and wait his Landing; as ſoon as Mr. Meſſervey came on Shore he confirmed what he had wrote, and declared, as he was the unhappy Man who had perſonally accepted of an Office odious to his Countrymen, he freely reſigned it, and determined never to act in that Capacity: Upon this three Cheers were given by a vaſt Concourſe of People, which were repeated at the Head of the Wharf, and again on the Exchange.

We hear that none of the Stamp-Papers, except one Box for New-Hampſhire, came in Capt. Daverſon.

We hear that it was the Opinion of many of the principal People at Home that the Stamp-Act would be ſuſpended; and that under the preſent Adminiſtration the Colonies would be eaſed of many of the Burdens that have been laid upon them.

The Reſignation of Mr. Meſſervey, with the Intelligence extraordinary brought by Capt. Daverſon, more eſpecially the Change of the Miniſtry, created Joy in the Breaſts of many; and in the Evening many loyal Healths were drank by Numbers of Gentlemen who met at ſeveral public Places for that Purpoſe; but it did not reſt here, for the Morning following (Wedneſday) was uſhered in with the Ringing of all the Bells in the Town, and Joy and Gladneſs appeared in every Countenance; at the South Part of the Town the Trees for which many have ſo great a Veneration, were decorated with the Enſigns of Loyalty, and the Colours embroidered with ſeveral Mottos (which we have not been able to obtain---) on the Body of the largeſt Tree was fixed with large deck Nails, that it might laſt (as a Poet ſaid, like oaken Bench to Perpetuity) a Copper-Plate, with theſe Words ſtamped thereon, in Golden Letters, THE TREE OF LIBERTY, Auguſt 14, 1765. A Report of theſe Decorations collected a great many of the Inhabitants who were at Leiſure, where they were ſaluted with the Firing of a Number of Chambers, and regaled with a Plenty of Liquor. Towards Evening a Guard of Men armed, belonging to the Militia, were poſted near the Trees, when the Colours were ſtruck, to prevent any Diſorders that might ariſe among ſuch a Concourſe.

It ſhould have been mentioned above, that after 1 o'Clock ſome of the Train of Artillery brought down ſome Cannon, placed them before the Town-Houſe, and fired ſeveral Rounds; but we hear that this was done without any Order or Leave from the Commander in Chief, or even giving Notice to the Governor and Council, who were then ſitting in the Council-Chamber, of their Intention.

Extract of a Letter from a Merchant in Quebec, dated Auguſt 30.

"This Colony is in the greateſt Confuſion, Gov. M---y laſt Sunday came into Town, and took the Command of the Troops; the Merchants threaten to leave this Place intirely, as every Man who oppoſes the G------r in any thing, may expect a Party of Soldiers with fixed Bayonets to tear him out of his Houſe, and drag him to Goal: We have all drawn up a Memorial, and ſent it Home to the Lords of Trade, deſiring that they will have ſome Compaſſion on this Colony, and relieve us from the ſtrange Scene of Anarchy and Confuſion which we are plunged into; and that if the Civil Governor can command both civil and military, we can no longer look upon our Lives and Properties as ſecure. God grant that this Petition may have the deſired Effect!---for you can hardly conceive what diſtreſsful Confuſion reigns through the whole Province, from one End to the other."---

It is ſaid, that a Merchant ſhip from Old France, laden with all Kinds of Goods ſuitable for the Indian Trade, was at Pigto the laſt Spring, where the French bartered with the Indians for Furs, &c. inſomuch that ſeveral New-England trading Veſſels could purchaſe none but of the French. And it is likewiſe ſaid, the Indians were promiſed a Prieſt ſhould be ſent them from France, and a Number of Troops to protect them; which was the Cauſe of their late inſolent Behaviour. We hear the above Ship had 4000 lb. Weight of Furs on board.

Sept. 16. One great Deſign for which our ſenſible Patriots have been deſirous of the General Court's coming together at this Time is, that, in Imitation of other Provinces, ſome ſpirited and conſtitutional Reſolves may be then come into, and made Matter of Record, by which Poſterity may ſee, that the preſent Generation have not conſented to enſlave them; and that the Loſs of Privileges dearly purchaſed, or belonging to us as Engliſhmen, is not owing to the Want of a manly Oppoſition, in every legal and juſtifiable Way.

We can aſſure the Public, That a Number of Merchants in this Town have wrote to England for Goods, to be ſent upon Condition ONLY, that the Stamp-Act is repealed.

THIS Aſſembly taking into their moſt ſerious Conſideration an Act paſſed by the Parliament of Great-Britain, at their laſt Seſſions, for levying Stamp Duties, and other internal Duties, in North-America, do RESOLVE,

1. That the firſt Adventurers, Settlers of this his Majeſty's Colony and Dominion of Rhode-Iſland, and Providence Plantations, brought with them, and tranſmitted to their Poſterity, and all other his Majeſty's Subjects ſince inhabiting in this his Majeſty's Colony, all the Privileges and Immunities that have at any Time been held, enjoyed and poſſeſſed by the People of Great-Britain,

2. That by a Charter, granted by King Charles the Second, in the 15th Year of his Reign, the Colony aforesaid is declared intitled to all Privileges and Immunities of natural born Subjects, to all Intents and Purposes, as if they had been abiding and born within the Realm of England.

3. That his Majesty's liege People of this Colony have enjoyed the Right of being governed by their own Assembly in the Article of Taxes and internal Police; and that the same have never been forfeited, or any other Way yielded up, but have been constantly recognized by the King and People of Britain.

4. That, therefore, the General Assembly of this Colony have, in their Representative Capacity, the only exclusive Right to lay Taxes and Imposts upon the Inhabitants of this Colony: And that every Attempt to vest such Power in any Person or Persons whatever, other than the General Assembly aforesaid, is unconstitutional, and hath a manifest Tendency to destroy the Liberties of the People of this Colony.

5. That his Majesty's liege People, the Inhabitants of this Colony, are not bound to yield Obedience to any Law or Ordinance, designed to impose any internal Taxation whatsoever upon them, other than the Laws or Ordinances of the General Assembly aforesaid.

6. PHILADELPHIA, September 26.

In ASSEMBLY, Saturday, September 21, 1765, A. M.

THE House taking into Consideration, that an Act of Parliament has lately passed in England for imposing certain Stamp Duties, and other Duties, on His Majesty's Subjects in America, whereby they conceive some of their most essential and valuable Rights, as British Subjects, to be deeply affected, think it a Duty they owe to themselves, and their Posterity, to come to the following Resolutions, viz.

Resolved, N. C. D.

That the Assemblies of this Province have, from time to time, whenever Requisitions have been made by His Majesty, for carrying on military Operations for the Defence of America, most chearfully and liberally contributed their full Proportion of Men and Money for those Services.

Resolved, N. C. D.

That whenever His Majesty's Service shall, for the future, require the Aids of the Inhabitants of this Province, and they shall be called upon for that Purpose, in a CONSTITUTIONAL WAY, it will be their indispensable Duty most chearfully and liberally to grant to His Majesty their Proportion of Men and Money, for the Defence, Security, and other public Services of the British American Colonies.

Resolved, N. C. D.

That the Inhabitants of this Province are intitled to all the Liberties, Rights and Privileges of His Majesty's Subjects in Great-Britain, or elsewhere; and that the Constitution of Government in this Province is founded on the natural Rights of Mankind, and the noble Principles of English Liberty, and therefore is, or ought to be, perfectly free.

Resolved, N. C. D.

That it is the inherent Birth-right, and indubitable Privilege, of every British Subject, to be taxed only by his own Consent, or that of his legal Representatives, in Conjunction with His Majesty, or his Substitutes.

Resolved, N. C. D.

That the only legal Representatives of the Inhabitants of this Province, are the Persons they annually elect to serve as Members of Assembly.

Resolved, therefore, N. C. D.

That the Taxation of the People of this Province by any other Persons whatsoever, than such their Representatives in Assembly, is UNCONSTITUTIONAL, and subversive of their most valuable Rights.

Resolved, N. C. D.

That the laying Taxes upon the Inhabitants of this Province IN ANY OTHER MANNER, being manifestly subversive of public Liberty, must, of necessary Consequence, be utterly destructive of public Happiness.

Resolved, N. C. D.

That the vesting an Authority in the Courts of Admiralty to decide in Suits relating to the Stamp Duties, and other Matters, foreign to their proper Jurisdiction, is highly dangerous to the Liberties of His Majesty's American Subjects, contrary to Magna Charta, the great Charter and Fountain of English Liberty, and destructive of one of their most DARLING and ACKNOWLEDGED RIGHTS, that of TRIALS BY JURIES.

Resolved, N. C. D.

That it is the Opinion of this House, that the Restraints imposed by several late Acts of Parliament on the Trade of this Province, at a Time when the People labour under an enormous Load of Debt, must of Necessity be attended with the most fatal Consequences, not only to this Province, but to the Trade of our Mother Country.

Resolved, N. C. D.

That this House think it their Duty thus firmly to assert, with Modesty and Decency, their inherent Rights, that their Posterity may learn and know, that it was not with their Consent and Acquiescence, that any Taxes should be levied on them by any Persons but their own Representatives; and are desirous that these their Resolves should remain on their Minutes, as a Testimony of the Zeal and ardent Desire of the present House of Assembly to preserve their INESTIMABLE RIGHTS, which, as Englishmen, they have possessed ever since this Province was settled, and to transmit them to their latest Posterity."

The GENTLEMEN appointed by our ASSEMBLY to assist at the General Congress at New-York, we hear set out this Day for that Place.

In Letters by the last Vessels from England it is said, that the People, in general, were highly pleased with the late Change in the Ministry; and that Mr. PITT, in particular, tho' he had not accepted of any Place in the Administration, yet was so well satisfied with those appointed, that he had promised to be assisting with his Advice and Influence, if wanted.
